DISCUSSION

This conditional use permit was issued in June, 1988 under a Code provision that no longer exists. The provision was intended to allow truck drivers and contractors in rural areas of the City to store business equipment at their residences. The petitioner's property is located in an Industrial zoning district, making the residence a legal nonconforming use. The trailer is used for personal storage, including motorcycle parts. It was approved with the following conditions:

1. The trailer is to be used for storage purposes only and not for the transportation of goods and materials.

2. The trailer shall be located to the rear of the property and shall comply with the setback requirements for accessory structures.
3. The trailer shall be kept in a good state of maintenance and repair and shall be rodent-proof.
4. The area under and around the trailer shall be regularly mowed or otherwise kept free of long weeds and grasses.
5. There shall be no outside storage of goods and materials and no accumulation of debris.
6. There shall be no storage of hazardous or highly flammable material in violation of fire codes, and the fire inspector shall be given access to the trailer at reasonable times.
7. The trailer shall be removed from the property if surrounding land uses make the trailer no longer compatible.

The conditional use permit was reviewed to determine compliance with the original conditions of the permit as well as Title 11, the Zoning Code. Staff visited the site on August 25, 2015, there were multiple code violations. Attached is a memo, photos, police and fire reports regarding code violations found on site.

RECOMMENDATION

In Planning Case 88-37, staff recommends that the Planning Commission recommend revocation of the conditional use permit based on the following:

1. The applicant is in violation of the following conditions of his approval:
 1. The area under and around the trailer shall be regularly mowed or otherwise kept free of long weeds and grasses.
 2. There shall be no outside storage of material and accumulation of debris.
 3. There shall be no storage of hazardous or highly flammable material in violation of fire codes.
2. The applicant had two individuals living in a non-compliant accessory structure and a camper.
3. There are multiple trailers on site.
4. There have been multiple police reports regarding the individuals living in illegal structures.
5. Operation of an illegal tire sales/repair business on the property.
6. Coon Rapids Fire Department noted the hazardous conditions on the site and requested the property be placed on Anoka County Dispatch alert.

Re: 9526 Foley Blvd NW Coon Rapids, MN 55433 Owner John Delbert Becker

The following chronology relates to the actions and procedures leading to the citations issued for various violations of the Minnesota State Plumbing Code, Electrical Code, Fire Code as well as Coon Rapids City Code.

On 10/5/2014 Citations were issued to Mr. John Becker for the following violations:

- Expired tabs on various vehicles on the property.
- Property was littered with building materials, auto parts, non compliant portable toilet, individuals living in a camper and fishing house on the property.
- A compliance date of 11/12/2014 was established.

On 11/13/2014 Mr. Becker submitted a time extension requesting 360 days which was received by Cheryl Bennett. Due to winter weather conditions the case was pending review until 2015. On August 24, 2015 it was determined that existing violations at the property were more appropriately addressed through a review of the exiting conditional use permit Planning Case 88-37. Administrative Citations were rescinded although the violations were still present.

An inspection was conducted at the above property on 8/25/2015 to verify the status of the property. Leya Drabczak Housing Inspector, Trevor White and Heather Rodgers Property Maintenance Inspectors, Nick House Coon Rapids Fire Inspector and Coon Rapids Police conducted the onsite inspection. (The property is listed as a Police Escort Required address.) Staff forwarded inspection results to Cheryl Bennett who requested no additional citations be issued pending review of the Conditional Use Permit.

Contact was made with the property owner John Becker and he gave permission for staff to inspect the property. During our inspection the following violations were noted:

1. An individual was living in a fishing house on the property which is prohibited by code. There was an air conditioning unit, and noncompliant electrical cords supplying the structure with electricity. There was no smoke alarm, and structure had a portable heater inside. There is no city water or sewer services to this structure. (See Photographs 1-4)
2. A second individual was discovered living in a converted pop up camper on the rear of the property. Noncompliant electrical cords were being used supply the unit with electricity. There was no smoke alarm, and structure had a portable heater inside. There is no city water or sewer services to this structure. (See Photographs 5-9)
3. Leya Drabczak asked John Becker why he had two men living in accessory structures on his property. He stated that neither individual would pass a drug test and could not get an apartment or job. Drabczak asked if that was wise as there is a daycare across the street. Owner had no comment.
4. A portable toilet was located on the property for the two individuals to use. It had not been serviced for some time and the stench coming from the unit was overwhelming. The number on the front of the unit was called to verify the last date of service, the number was disconnected. (See Photograph 10)
5. Various vehicles on the property have expired tabs and some appear to be inoperable. (See Photographs 11,12)
6. Multiple campers and recreation vehicles on site (See Photographs 13,14)
7. Miscellaneous auto parts and motorcycle parts were found throughout the entire property including the wooded areas. (See Photographs 15-18)
8. Building materials cover the entire property into the wooded areas. (See Photographs 19-21)
9. There are over 100 tires on the property. Owner states that McArthur Krell, who resides in the fishing house on the property, is operating a tire sales/repair company from this address. (See Photographs 22-24)
10. A prohibited outdoor shower area is located on the property, the owner states it is for his tenants to use to bathe. (See Photograph 25)
11. A prohibited burn barrel is present on the property near combustible materials including tires. (See Photograph 26)

12. Electrical hazards are present in detached structures on site. Excessive use of extension cords running to various structures and trailers. Electrical appliances are not protected from weather are plugged in. (See Photographs 27-32)
13. A Prohibited temporary structure was located on the property. (See Photographs 33-36)
14. Miscellaneous junk and debris is present around the dwelling and detached garage as well as throughout the property into the backyard and wooded areas of the property. (See Photographs 39-52)
15. Six trailers were located on the property. (See Photographs 53-58)
16. At the request of Coon Rapids Fire Inspector Nick House, this property was placed on Anoka County Dispatch alert. In the event of a fire, firefighters and first responders could be injured due to the large amount of tires, vehicles, trailers and junk and debris on the property.

Coon Rapids Fire Inspector Report:

Fire Inspector Shannon Moen was on site and submitted Coon Rapids Fire Department Report # 15-0011339 to the Housing Inspector (See attached document A)

It states this is the third time he has witnessed an individual living in the fishing house on site. The inspector also lists various violations including multiple trailers on site and junk and debris throughout the property.

Remarks

I1 assisted I11, Housing and CRPD Officer Young with an inspection at the property addressed 9526 Foley Blvd. Coon Rapids, MN 55433. The property has multiple trailers along with junk and debris through out. Also had two males living on the property in a fish house and another in a small camper. This is the third time I have witnessed someone living in the fish house. The fish house has no city water or sewer. The power for electrical items in the fish house and camper is coming from the house via extension cords. The homeowner claims he has asked the two males to leave and not come back. The homeowner also stated that the other male that has been staying there now set up a tent at the Coon Creek sub station. After discussion with the homeowner, he was told how to get the persons trespassed off his property. We cleared.

L Remarks

Call was received as an all call with multiple calls from people at the Foley park and ride. Callers stated large amount of smoke coming from a house directly across the street. I1 arrived to find alot of smoke in the area but unable to pin point the source. I1 checked 9516 Foley Blvd. with nothing found. I11 arrived and I1 directed I11 to check 9526 Foley Blvd. After investigating the area a burn barrel was found at 9526 Foley Blvd. still smoking with copper wire that someone was burning the coating off of the wire. No answer at the door when PD knocked. Other responding units were slowed too routine. E1,Capt.11,E3 arrived on scene and E2 was cleared on arrival. Snow was used to extinguish the smoldering plastic. Code enforcement was notified and responded to the property due to multiple trailers, boats, storage sheds and vehicles located on the property. It also appeared that someone may be living in one of the sheds in the back yard. All units cleared. Please forward report to the Fire Marshal. Photos taken by both Police and Fire.
